Cross connects

Coverage

Deploy where you need

Connectivity

Connect how you need to whom you need

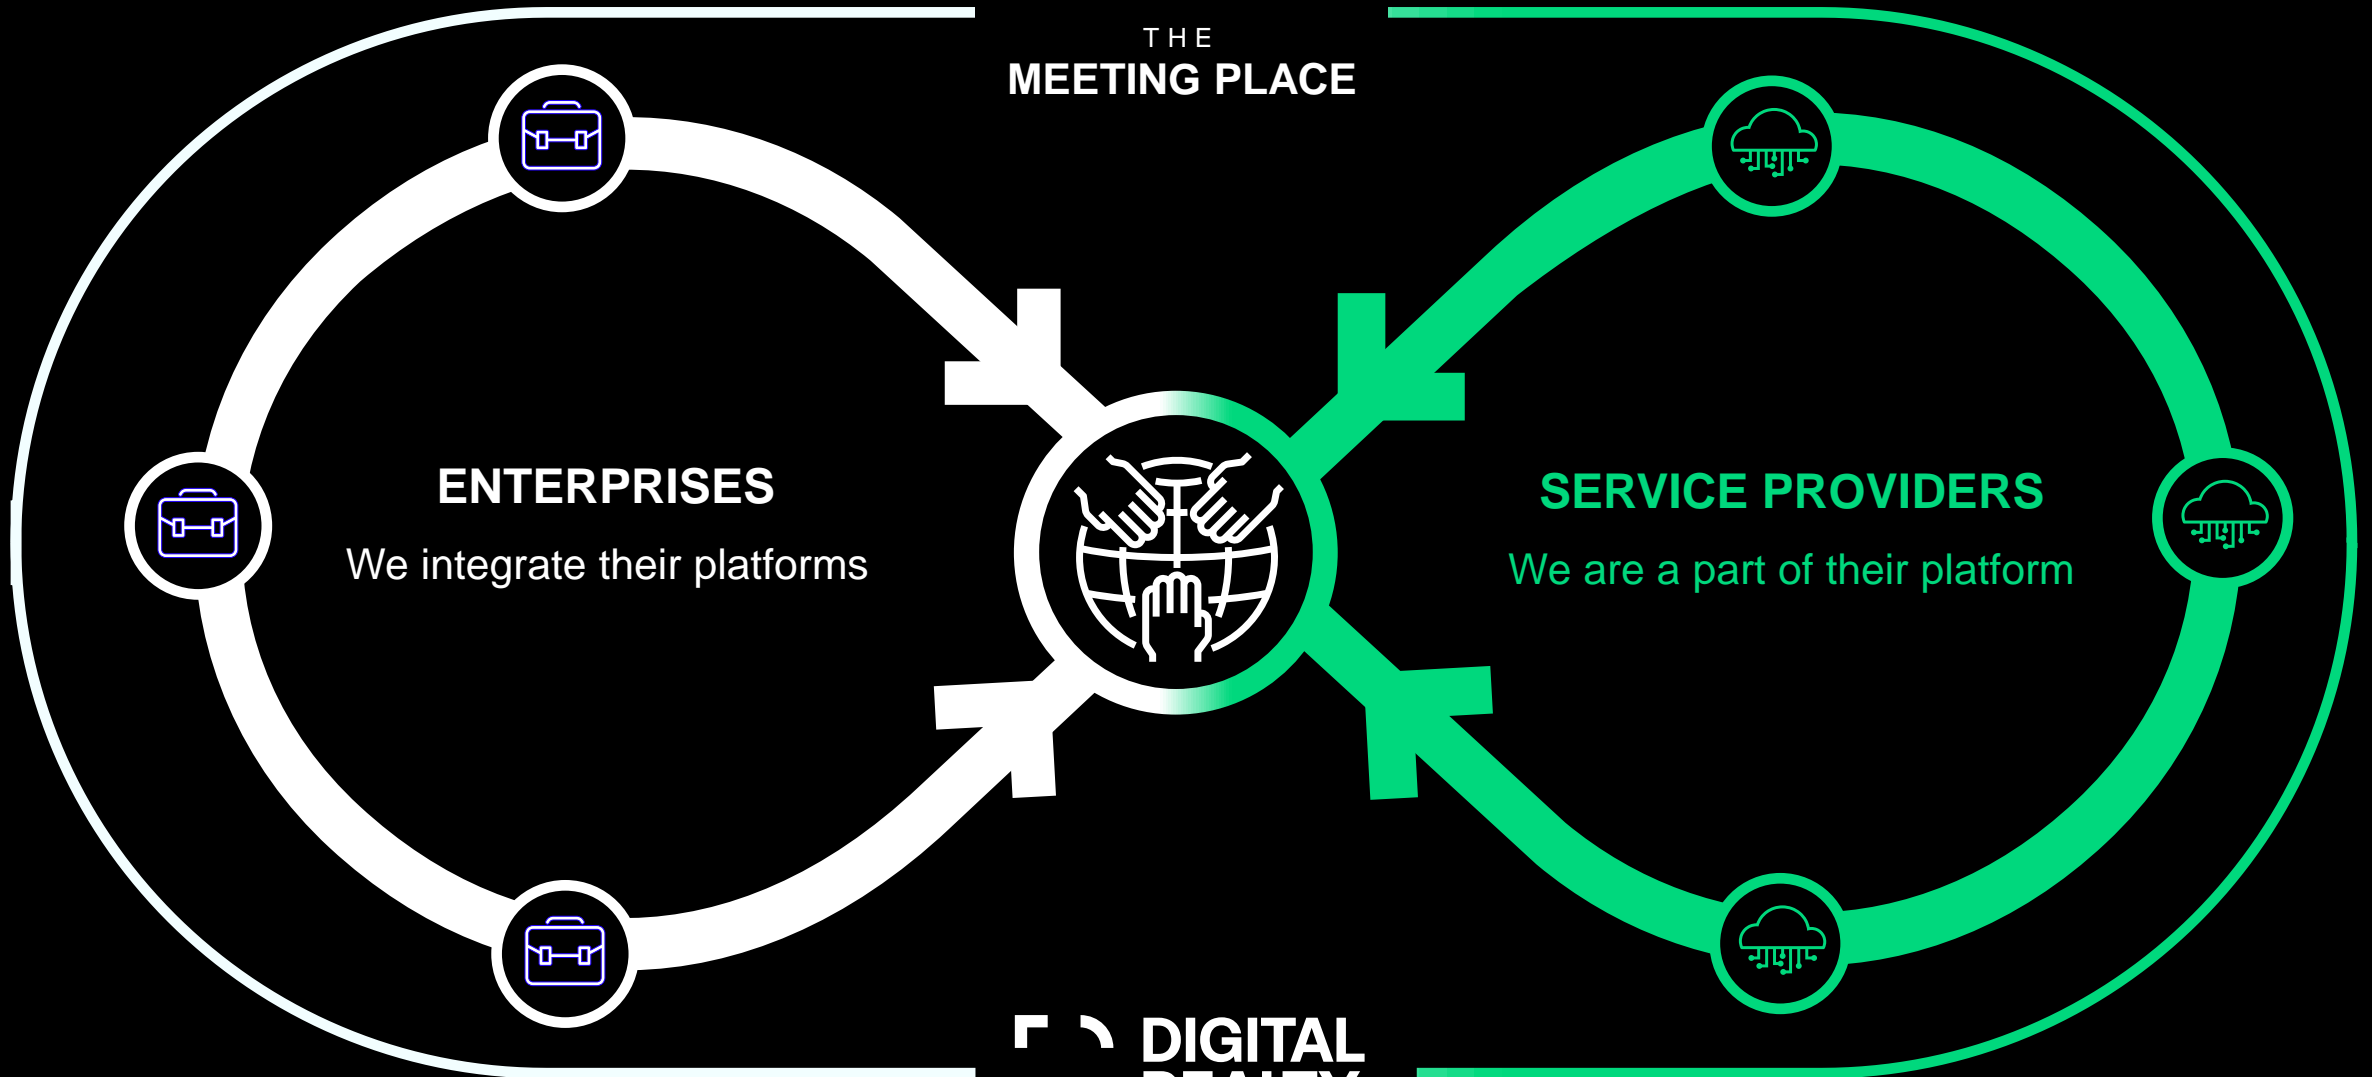

Capacity

Host what you need, how you need

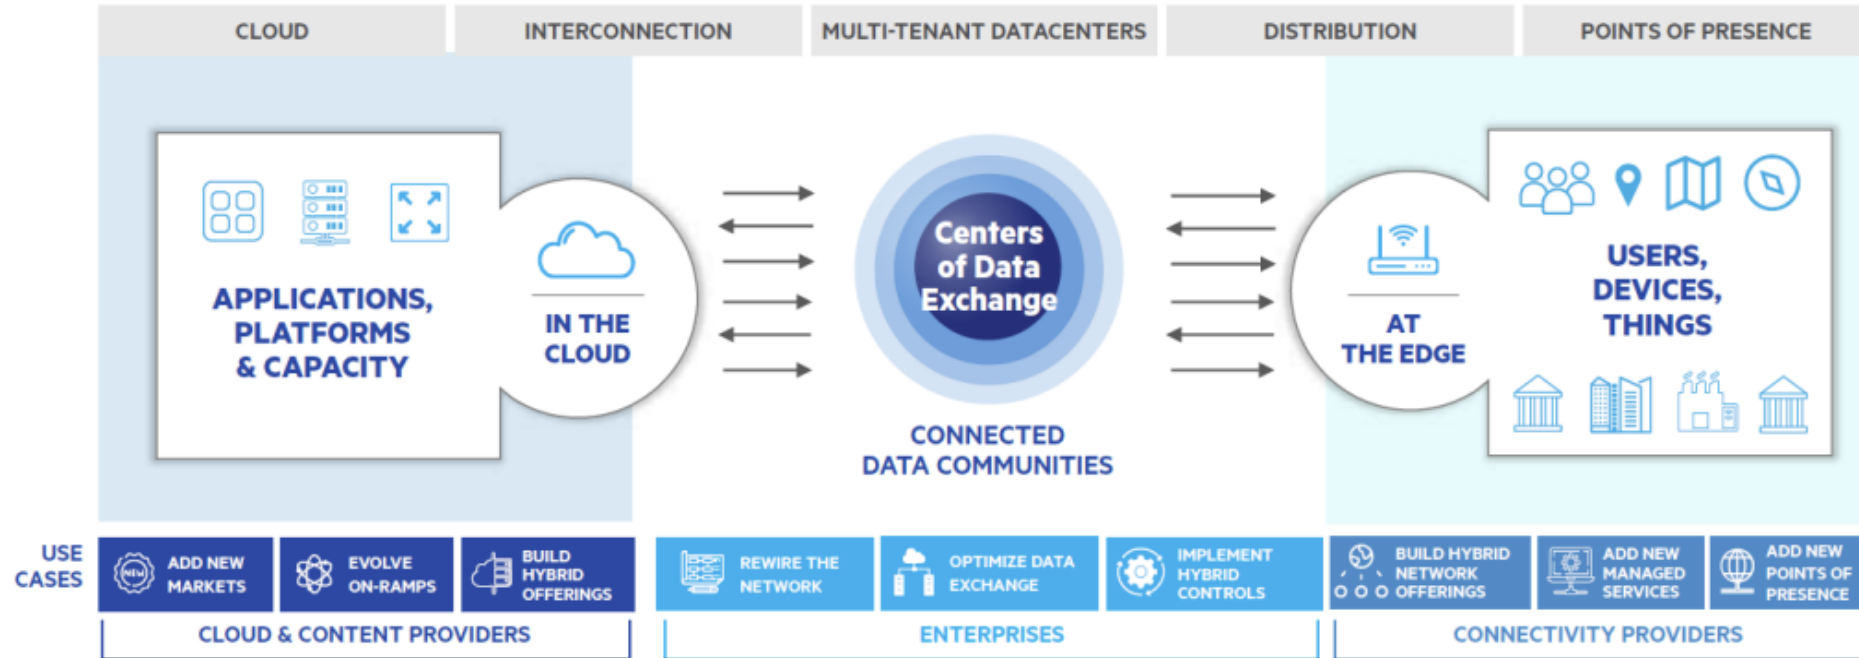

Control

Implement and operate the way you need

Creating a safe and open meeting place for ecosystem partners to deploy applications, data & controls

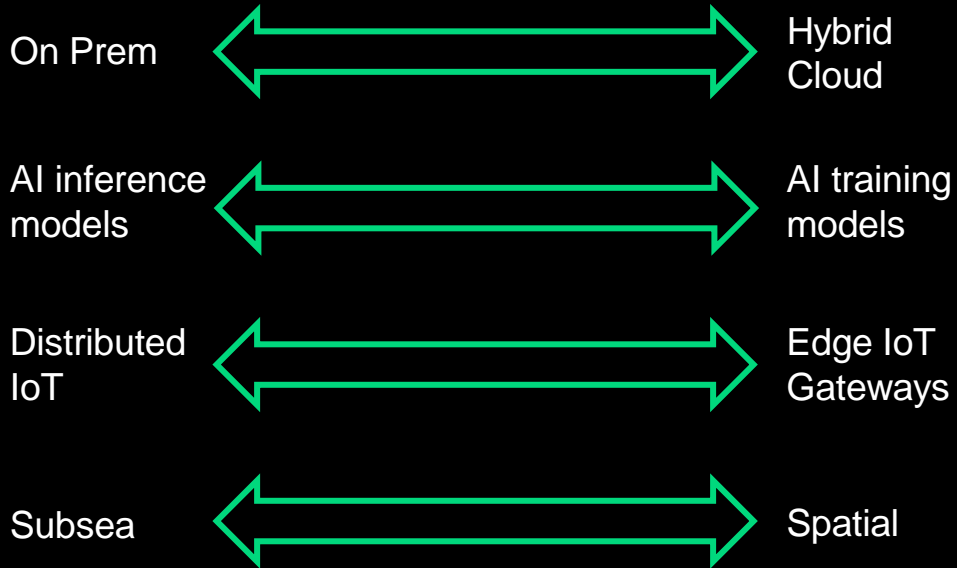

Unlocking value from hybrid networks across terrestrial and spatial footprints

The moving Edge

Delivering the right balance between scalability and performance, constantly improving performance at multiple “Edge layers”

Recognized for Innovation and Global Leadership

Industry analysts continue to validate and recognize Digital Realty and its global data center platform, PlatformDIGITAL®

Innovative strategy

Best competitive strategy innovation and leadership in the data center industry

Colocation and connectivity

IDC Marketscape global data center leader

Hybrid IT infrastructure services

Colocation and private cloud connectivity leader

Edge colocation

Edge colocation leader and outperformer

Data center ecosystem

Continued global leaderboard recognition

#1 in Africa | #2 in Europe, LATAM & NAM | #6 APAC

¹PR Newswire, *Digital Realty Recognised for Best Competitive Strategy Innovation and Leadership in the Data Centre Industry by Frost & Sullivan, November 2020.*

²Interxion, *Interconnection Services for Second Consecutive Year*, July 2021.

³Gartner, *How to Optimize Network Connectivity Into Public Cloud Providers*, August 2022.

⁴Digital Realty, *GigaOm Radar Report for Edge Colocation*, July 2021.

⁵Digital Realty, *Cloudscene's H2 2022 Leaderboard sees Digital Realty take the top spot in Africa*, March 2023
